A Comprehensive Legal Analysis

By [Author's Name]

The end of occupation and the duration of Geneva Convention obligations are complex legal issues that have significant implications for the protection of civilians and the promotion of human rights in conflict zones. This book provides a comprehensive legal analysis of the relevant legal framework, drawing on a wide range of sources, including international treaties, customary international law, and case law.

The book begins by examining the concept of occupation under international law. It then discusses the legal obligations that occupying powers have towards the civilian population, including the obligation to respect human rights and to provide for their basic needs. The book also

examines the different ways in which an occupation can end, and the legal consequences of such an end.

The book makes a significant contribution to the existing literature on the law of occupation. It provides a clear and concise overview of the relevant legal framework, and it offers a number of insights into the complex issues that arise in this area of law. The book will be of great interest to policymakers, legal practitioners, and scholars working in the fields of international law, human rights, and conflict resolution.
